Basic Information:

Patterson District Ambulance (PDA) is a division of the Del Puerto Health Care District that provides Emergency Medical Services (EMS) to the City of Patterson, surrounding communities, western Stanislaus County to the county line, and occasionally into adjoining counties. The daily call volume can vary significantly, but typically 4 – 6 responses in a 24-hour shift. PDA operates two 24-hour ALS ambulances to service the community.

Paramedic Basic Job:

A Paramedic at PDA is regularly called upon to respond to medical emergencies to provide assessment and treatment for sick and injured patients as well as transport to an acute care hospital or other appropriate medical facility. Follows MVEMSA protocols and treatment algorithms in care and treatment of patients. A Paramedic uses an electronic patient care report to accurately documents prehospital care. A Paramedic is certified by the State of California and accredited locally. A Paramedic must maintain all appropriate certifications and credentials required to perform all aspects of the Paramedic scope of practice and safely drive an ambulance. There are ongoing continuing education requirements for Paramedic personnel to maintain their credentials.

Paramedic shifts are typically 12 or 24 hours, 08:00 to 08:00 or a 12-hour half day or half night. Alternate shift times may be necessary based on the overall staffing needs of the district. EMS work is a 24-hour, 365-day occupation. Staffing needs will require that individuals are scheduled on nights, weekends, and holidays. It is possible, even likely, that persons working in EMS will occasionally miss family events including, but not limited to, birthdays, weddings, graduations, and holidays. There are minimum staffing requirements (number of shifts worked) for all EMS positions at PDA.

Additional Responsibilities:

The Paramedic shares responsibilities for the cleaning, inventory checkout, and restock of the ambulances, routine station and vehicle maintenance, and other related duties and tasks as assigned.

Compensation:

- Starting salary: \$16.43 to \$21.19 per hour full time compensation: depending on experience. (full salary scale available upon request)

Required Qualifications:

- Currently licensed as a paramedic in the State of California
- Currently accredited as a paramedic in Stanislaus County
- Current valid California driver's license
- Current valid California Ambulance Driver Certificate
- Two years as a field paramedic preferred, but not required
- ACLS
- PALS, or PEPP, or EPC
- PHTLS, or ITLS, or BTLS
- CPR

Benefits:

Eligible employees will receive benefits which include Medical, Dental and Vision, Paid Time Off, Extended Sick Time, Life Insurance, Retirement with 4% Company Contribution and 50% Company match up to 6%.

All Offers of employment are contingent upon passing a pre-employment background screening and a drug and alcohol test.
